

## **Cheat Sheet #3**

### **The Expedited Service Request Cheat Sheet**

What may seem like a no-brainer, sometimes isn't. So we've delved a little deeper into this form for those in a hurry to form their LLC. Remember, it costs extra to have Michigan rush your LLC formation. You'll also have to pay standard document fees to complete your filing, too. This cheat sheet is designed to help you plan your LLC filing budget in advance.

Expedited service fees are nonrefundable. So here's a breakdown on how each service varies. We'll also explore the applicable time frame and deadlines for each level of service as well here. For the record, Michigan is in the Eastern Standard Time zone.

#### **Level of Service #1: Standard Turnaround**

A "Standard Review" is the lowest cost way to go: it's 100% free. You'll pay the applicable document fee only. There will be no additional fees to process your application. This is great news for new LLCs on a tight budget.

#### **Level of Service #2: 24 Hours Turnaround**

A "24-Hour Review" costs \$50.00. In return you'll get your forms reviews within 24 hours. This option gets your LLC formed a day after you file online. Otherwise, you'll only wait a day after the form arrives in the mail. If you don't mind spending the gas, you can drop the forms off and then wait until the next day for your LLC to be approved.

#### **Level of Service #3: Same Day Turnaround**

The "Same Day Review" service fee gets a little spendy but it's still affordable enough for someone in a rush. Pay \$100 in the office or online. This will enable you to avoid waiting for the mailman to deliver paperwork. Submit your documentation by 1:00 p.m. to have them ready for you by 5:00 p.m, for example. Only use this service if you can get your forms in by 1:00 p.m. This service forms your LLC on the same day you submit your form.

#### **Level of Service #4: 2-Hour Turnaround**

The cost of a "2-Hour Review" is \$500. That's a lot. But sometimes there are situations that require speedy solutions. This level of service ensures the review of your LLC form is completed on the same day as well. But you can submit your forms up to 3:00 p.m and have your brand new LLC established by 5:00 p.m. on that day.

### **Level of Service #5: 1-Hour Turnaround**

You'll pay \$1,000.00 for this level of service but it enables you to form an LLC in one hour. In the time it takes to have lunch you can become the owner of a brand new company in the state of Michigan. How's that for a premium service? Costly, but worthwhile in a pinch. As long as your form is in by 4:00 p.m., you've got it made.

We standby to set up your new company in Michigan, even faster, with these expedited services.
